

1. INTRODUCTION AND LEGAL STATUS

1.1 INTRODUCTION

In choosing to live within an estate such as Dainfern, a Resident will enjoy all the benefits of communal living, such as cost-effective security and access to shared facilities. The advantage of a golf estate over conventional group housing is that those benefits can be enjoyed in a spacious attractive environment as opposed to the high densities characteristic of cluster or townhouse complexes.

However, communal living inevitably brings responsibilities along with its benefits. Levies must be paid and Rules must be obeyed in order to ensure the smooth running of the community for the benefit of all concerned.

In particular, the integrity of the security of the Estate is considered of paramount importance. For access control to be effective there will inevitably be a small degree of inconvenience to Residents' visitors.

It should be remembered that the Rules to which we agree to submit ourselves when buying a property in Dainfern not only help to guarantee the exceptional lifestyle we enjoy, but also maintain and enhance the property values of all Homeowners.

1.2 LEGAL STATUS

One of the main objectives of the Dainfern Golf Estate, by the Developer, was the provision and preservation of a high quality lifestyle for you, the Estate Resident. The primary intention of your Board of Trustees (of the Dainfern Homeowners Association, hereinafter "DHA") as contained in the Estate Rules, is to protect and preserve this lifestyle. The Estate Rules, which are amended by the Trustees from time to time, have been established in terms of the Articles of Association of the DHA. These Rules are binding upon all Residents on the Estate, to which you submit upon purchase and transfer to you of your property. As a result, these Rules are binding upon all Residents, as is any decision taken by the Trustees in amending, interpreting or enforcing these Rules. It is essential that you, the registered owner of a property, are aware that you are responsible for ensuring that members of your family, tenants, visitors, friends and all your employees, their family and friends, and any other invitees, abide by and adhere to these Rules.

Please note that:

This Rule booklet is published as an aide to Homeowners to facilitate easy access to key Rules applicable to Residents of the Dainfern Golf Estate.

- a. Should any Rule contained herein conflict with any provision of the Dainfern Country Club ("DCC") Constitution or Rules of the DCC or the Articles of Association of the DHA, the order of preference of application shall be that the Articles shall prevail over these Rules which shall prevail over the DCC Constitution;
- b. Should any Resolution of the Trustees of the DHA or a meeting of the members of the DHA (whether a general or special meeting), or the General Committee of the Dainfern Country Club or of the Architectural Review Committee, conflict with any of these Rules, the Resolution will take precedence; and
- c. Should any Rule contained herein conflict with any provision of any Title Deed of any property on the Estate, such provision in such Title Deed shall prevail.

A. GENERAL CONDUCT RULES

2. SECURITY

- 2.1 In the interest of providing an effective security system, the DHA security protocol must be adhered to at all times. Residents and Owners are requested to always treat the security personnel in a co-operative and patient manner.
- 2.2 Estate security is contracted to function as follows: -
 - 2.2.1 it will be manned 24 hours per day;
 - 2.2.2 residents, whose accounts are in good standing with the DHA, will be issued with Dainfern access cards at a cost determined by the DHA from time to time, which access cards are to be used for access and egress to and from the Estate through the designated Residents' entrances and exits. A maximum of two access cards are issued to the owners of any erf on the Estate. Any further cards shall only be issued upon proof that the possessor thereof is a *bona fide* member of the owner's household or a *bona fide* tenant.
 - 2.2.3 all visitors, including Contractors, will be required to sign prescribed contractual documentation and pay the prescribed administration fees, prior to being allowed access to the Estate;
 - 2.2.4 the security offices at the gates to the Estate must be advised in advance of the pending arrival of visitors;

- 2.2.5 when visitors arrive unannounced, Security will endeavor to contact the relevant Resident by telephone in order to verify that access may be granted, failing which such visitors will not be allowed into the Estate;
- 2.2.6 alarms and panic buttons in individual residences, which are linked to the Security Control Room, can transmit to the control room and security is contracted to react to the signal;
- 2.2.7 the Estate is patrolled on a continual random basis.
- 2.3 All Residents, tenants and other persons who reside on the Estate must, within one day of taking up residence on the Estate, register with the Estate Security Control Room and complete the required data sheets.
- 2.4 Residents are to note that all security systems, including the perimeter walling and electric fencing, serve as a deterrent and detection function and are not guaranteed to prevent a determined attempt at intrusion into the Estate.
- 2.5 All Residents, tenants and other persons residing on the Estate are encouraged to fill in the necessary holiday forms prior to going on vacation.
- 2.6 The DHA and the Trustees shall not be liable for any injury, loss or damage to any person or property arising from any causes whatsoever including, without limitation thereto, the negligence of any of the security personnel, the failure of any security measures or the intentional acts of any agents, employees and appointees.
- 2.7 A Resident shall ensure that his access card(s) are, at all times, kept in a safe place, and shall immediately notify the Estate Manager and the Security Control Room in writing of any loss of an access card.

- 3.1 The aesthetics of the interface where erven front onto the golf course, natural areas and parks (or walk-throughs) are extremely sensitive and important and are to be maintained subject to the directions of the DHA.
- 3.2 No trees or other natural vegetation may be removed from any part of a park, the golf course or any other public or common area, nor may they be planted thereon, nor may Residents extend their gardens beyond the boundary of their erf.

4. LANDSCAPING AND CULTIVATION OF COMMON NATURAL AREAS

The Estate has some exceptional natural features including the Jukskei River and clusters of indigenous highveld bush. It is the policy of the DHA to preserve as much of these areas as possible. Consequently, any damage to such areas, which occurs during building, or any other time, is to be reinstated without delay by the owner concerned. Furthermore, no Member shall be permitted to erect any improvements, extensions or any landscaping of an Owner's garden beyond the boundaries of an Owner's erf, especially where abutting on to natural veld.

5 USE OF OPEN AREAS

- 5.1 A particular appeal is made to Residents to leave any open space they visit in a cleaner condition than that in which it was found.
- 5.2 Picnicking is permitted in the park areas, which are generally associated with a river or stream course. The lighting of fires or braais is however not permitted.
- 5.3 No plants, shrubs or trees may be damaged or removed from the open spaces, and fishing, except in two designated areas, or the trapping or shooting of birds or any interference with any wildlife whatsoever is not permitted. Residents should take note that rivers, with catchment areas that include urban development are polluted and that the water is not safe to bathe in or to drink. Residents' use of the open space area is entirely at their own risk at all times.

6. MAINTENANCE OF SIDEWALKS

- 6.1 All Owners and Residents shall: -
 - 6.1.1 maintain the area between the road kerb and their property boundary; and
 - 6.1.2 maintain and paint, where necessary, all boundary walling.
- 6.2 No trees, plants or sidewalk lawn may be planted or removed without the prior written permission of the DHA or the ARC.
- 6.3.1.1 Planting on sidewalks may not interfere with pedestrian traffic, obscure vision of motorists or disturb the view of neighbouring properties. The DHA will, in the event of a breach of this Rule, and after written notice to the Owner or

resident concerned, remove any offending planting or other improvements and debit the cost thereof to the Owner's account.

6.3.1 No bollards or other obstruction may be erected on a side walk unless the specific written permission of the DHA has been granted therefore.

6.4.4.1 in addition to any internal sanction, the DHA will seek that all legal remedies available against transgressors of these Rules (and any applicable traffic laws) are implemented including, but not limited to, the institution of criminal proceedings.

6.4.5 WATER FEATURES, PONDS, SWIMMING POOLS AND SWIMMING BATHS

6.5.1.1 the Owner of any erf which contains a swimming pool or swimming bath shall ensure by means of a wall or fence that no person can have access to such pool or bath from any street or public place or any adjoining site other than through a self-closing and self-latching gate with provision for locking in such wall or fence: Provided that where any building forms part of such wall or fence, access may be through such building. Such wall or fence and any such gate therein shall be not less than 1,2m high measured from the ground level and shall not contain any opening which will permit the passage of a 100mm diameter ball. The constructional requirements of such fence or gate shall comply with the requirements contained in SABS1390.

6.5.2 the DHA is aware of the fact that pools, ponds and water features may be aesthetically pleasing and/or decorative, but the fact that they are located outside boundary walls or physically about the sidewalk without any form of barrier, creates a source of danger for which the DHA will not accept liability. The DHA accordingly requires the installation of such barriers and safety measures as may be reasonable in the circumstances and records that neither it, nor any servant, official, agent or appointee of the DHA can be held liable for any incident or accident which might occur and which could have serious consequences.

6.5.3 all Homeowners are urged to take reasonable precautions by inter alia, placing protective structures and/or netting over such features. 7.2 Should any animal prove to be a disturbance or a nuisance to other persons, the DHA may require the Owner of the animal to remove it and if the Owner fails or refuses to do so, the DHA may impose penalties and/or procure its removal from the Estate and recover any costs in connection therewith from the Owner concerned.

7.3 Dogs are not allowed into any open areas without being controlled on a leash. Owners shall ensure that no animal disturbs the wild life, and/or causes damage to the golf course and nature sensitive areas.

7.4 All Owners or Residents are required to tag their dogs, such tags containing at least the Owner/Resident's name and telephone number. Any dog found without such a tag will be treated as a stray by the DHA and the owner will be subject to the imposition of a fine by the DHA, in addition to which the DHA will have the authorities remove the animal.

7.5 Any person walking an animal on the Estate or allowing an animal to walk on the Estate shall be responsible for ensuring the immediate removal and proper disposal of any faeces or other spoiling performed by such animal.

7.6.1.1 Should any Owner/Resident fail to comply with these provisions relating to animals, such Owner/Resident will, in addition to such other remedies as are available at law, be subject to a fine to be imposed in a sum to be determined by the DHA from time to time.

7.6.1.2 It is also the policy of the DHA to utilize the services of the authorities to remove any untended and/or stray dogs or other animals and to have them destroyed if not claimed by the person concerned.

8 GOOD NEIGHBOURLYNESS

8.1 Members are not permitted to make excessive noise. No lawn-mowing or other mechanised equipment may be used on the Estate after 13h00 on a Sunday or Public Holiday.

8.2 In the event of annoyance, aggravation or complaints occurring between members, an attempt should be made by the parties concerned to settle this matter between themselves. This should be done with consideration and tolerance. If the dispute cannot be resolved between the parties, the dispute should be brought to the attention of the DHA, in writing, if an interpretation of these Rules is required. Such decision of the DHA will be final and binding on the Members concerned.

8.3 There is no obligation on the DHA to arbitrate or otherwise become involved in any disputes between its members, save in the event that an interpretation of these Rules is requested, when such interpretation will be made within a reasonable time.

B. RULES RELATING TO BUILDING, DESIGN AND CONSTRUCTION

9. BUILDING RULES

9.1 INTRODUCTION

The DHA, the legally constituted representative of Residents of the Estate, has adopted these Rules and imposed certain contractual processes relating to the activities of building and contractors on the Estate.
