SECURITY UPDATE: ACCESS CONTROL

It is regrettable that we have to inform residents that the continued problems with the access control system, particularly at Cedar Gate, are persisting. Our contractor DCS have informed us that the Control Units that ensure smooth functioning of the access system have been replaced and this will return the system to normal. From Sunday 22 August 2010 new cables will have to be pulled from the Gatehouses to the respective power supply units and this will result in Cedar Gate being non-operational until Tuesday or Wednesday next week.

Residents will have to produce their access cards to the officers present to gain access or egress from the Estate and visitors will still go through the normal scanning procedures. Once Cedar Gate has been upgraded, this procedure will have to be repeated at the Broadacres Gate. As this is part of the Security Upgrade a fully functional and updated access system will soon be in place. We therefore request your patience and co-operation during the upgrade.

We assure Residents that additional measures have been put in place during the process of this upgrade to ensure that our security will not be compromised. We regret any inconvenience caused. Should you have any concerns please contact Louis Engelbrecht at louis@dainfern.co.za or on 082 657 6363.
